WE THINK WE SPOKE TO A SILENT, BUT WE CAN'T REALLY REMEMBER!

Why do people forget you when they look away?

Doctor Who Adventures reader

Lewis Gennery

The Silence must remain hidden, in the shadows. We edit your memories so you always forget.

When did you first come to Earth?

Cameron Hazelgrave

We have walked with mankind since the wheel and the fire. We have been here many years.

Have you ever been in love, but they don't remember who you are?

Solomon Hayes

The Silence love only the Silence.

Why are you so ugly?

Tom and Lucy Cooper

To the Silence, it is humans who are ugly. Your open mouths are disgusting and your fingers tiny and insignificant.

What do you eat - insects, humans or other?

Harriet Morton

Other. We eat... other.

Do you ever change your clothes, because we always see you in suits?

Nathanial Myers

Our clothes are part of us. We have no need to change.

What music do you like?

Jobe Alldrick

We like the gaps between songs.

Why are you called the Silence if you can talk?

Caitlin Holloway

If we did not speak, how would you know when Silence falls?

Do you ever use face cream? I can give you some but you have to promise not to kill me!

Maria Khan

Why does it matter to you what our faces look like? You will never even remember them!

PIRATE SECRETS

AMAZING ON-SET INFO

FROM SHOOTING **THE CURSE OF THE BLACK SPOT!**

ALL ABOARD THE FANCY!

All the scenes of the outside of the ship, which was called **the Fancy**, were filmed on a real vessel in Cornwall at night. But it wasn't out at sea, it was tied safely to shore! Arthur (Rory) says: "We filmed at night with **mist and smoke everywhere**, so it looks like we're in the middle of the ocean."

THE SHIP NEVER LEFT THE HARBOUR

TOTALLY BRAND-NEW!

NEW FOR OLD!

The inside of the ship was actually built in a studio in Cardiff. It looked **old and weathered inside**, with barrels and rope, but on the outside it was all smooth wood that smelt **brand-new!**

IN THE SHIP'S HOLD

FAST FACT!

Hugh Bonneville, who plays Captain Avery, grew his pirate beard himself. He couldn't wait to shave it all off because it was so itchy!

HOME-MADE RAIN!

There were rain machines on the real ship to make it look like there was a **massive storm**. Karen (Amy) says: "The pirate ship was amazing. It's just really cool. We had one night where there was a crazy storm, so we had to be **soaking wet all night** and it was so extreme that we were just delirious. But I really enjoyed it!"

FAST FACT!

For as the home-made rain, there's water in the ship, the cast wore Wellington boots so they didn't get wet feet all the time and catch a cold. Atchoo!

FAKE WIND AND RAIN!

Wheeeeeee!

THE PIRATE QUEEN!

Karen did nearly **all her own stunts**! "All the stuff in the pirate episode is me, apart from just one stunt which I wasn't allowed to do," she says. **Go Karen!**

KAREN LEARNS TO ROPE-SWING!

Right, you blaggards, fetch me some clippers!

ANSWER

Number 4 is the real me, of course!

REALITY CHEQUE

Finally,
we land on a planet
where *literally* nothing
is going on. This is
a planet, right?

Course it is.
Just a bit of fog,
that's all. A good,
old-fashioned, London
pea soup - 1885,
by the smell of it.

It's so *thick*,
I think I've got
some stuck in
my *teeth*.

SUDDENLY, A MIGHTY EXPLOSION
ROCKS THE STREET.

KABOOOM!

THREADNEEDLE
STREET EC2

Must have
been a pretty *powerful*
explosion to blow
these doors apart.

Er... I don't
want to *worry*
anyone, but I think
this might be

... The
Bank of
England!

Lovely
weather today,
isn't it?

Superb,
yes!

Who's worried?
Doesn't look like
anyone here has
given it a *second*
thought!

Traces of *Corbomite* in the air. Whoever did this used an *energy weapon* to blast through the doors.

So that'll be an *alien*, right? An alien is robbing the most secure bank in the world!

The *staff* seem to be taking it very well. What's wrong with them? It's like they've not even noticed the *mess*.

Good Morning, Sir. May I be of any assistance?

Ah, yes, hello. I was just wondering if you could change a dozen *Azmoleon Quarts* into a *Grazillian Squigglegigs*. Would that be possible?

Of course, Sir. That's *no trouble*. Please take a seat and I'll see to it right away.

Something is definitely wrong. This guy is *way too polite*, and there's no *queue*.

FATTOOOM!

That came from the *main vault*. Sounds like our robber has found another locked door.

Pleasure to have served you, *sir*. Do call again.

THEY RACE DOWN THE STAIRS TO THE UNDERGROUND VAULT, ONLY TO FIND...

Nothing! The vault is still locked. No sign of any damage.

Just this kindly *flower seller*. Are you alright, love?

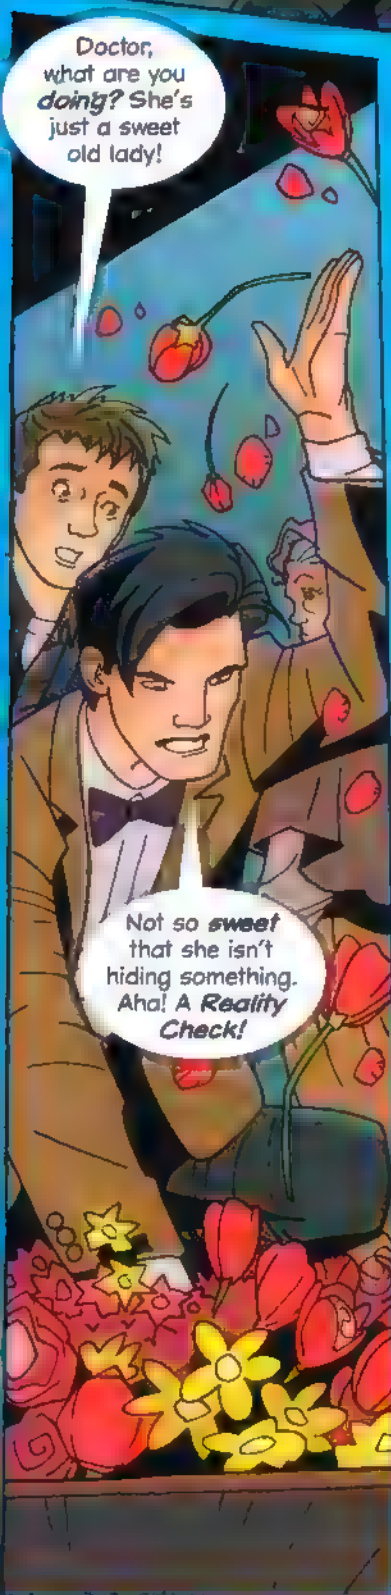

No, no, no, no. This doesn't make any sense at all. I'm *hearing* some things, but *seeing* other things, and none of it matches up.

You need to get up the stairs, dear. It's not *safe* for you down here.

Whoa there, *flower lady*! How did you get your *cart* down here in the first place, eh? You must be much *stronger* than you look.

Doctor, what are you *doing*? She's just a sweet old lady!

Not so *sweet* that she isn't hiding something. Aha! A *Reality Check*!

It's a traffic-calming measure from the *Aldebaran Astrobahn*. It literally *pacifies* space pilots so they fly safely.

And the old lady's using it to *calm* the bank staff into *thinking* there's no problem? Meanwhile, she does what she pleases.

Only, she's not so much of an *old lady*...

Leave not alone if's mine.

That's a bit *rich*, coming from a *bank robber*.

THE DOCTOR REACTIVATES THE REALITY CHECK AND POINTS IT AT THE CROOK.

You don't want to go **firing** that weapon. You've had it with crime. It's **no fun**.

I've had it with crime. You're right!

WAVWAVWAVWA...

WAVWAVWAVWA...

Who needs money, when you can find all the **wealth** and **happiness** you need in a single flower.

I could go home, plant a garden, a whole flowers.

Look at the vault. It's **smashed** right open. We just couldn't see it.

Who needs an ASBO when you've got a **Reality Check**.

Problem is, when he gets upstairs, **this time** people are going to **notice**.

EEEEK!

I see what you mean. And now, so do **they**.

Call Scotland Yard. We're being **robbed**!

Shouldn't we go after the **alien** guy?

Oh, he'll be alright. I set the Reality Check to **maximum power**. He won't so much as borrow a cup of sugar in future.

Is it just me, or has this fog got even **foggier**? Can anyone remember where we left the TARDIS?

DOCTOR WHO

IDRIS

DOCTOR, DOCTOR!

**DO YOU HAVE A PROBLEM THAT NEEDS SOLVING?
THEN ASK THE DOCTOR! - THERE'S NO-ONE SMARTER!**

**JUST ONE CAPFUL
IS ENOUGH TO LAST
40,000 YEARS**

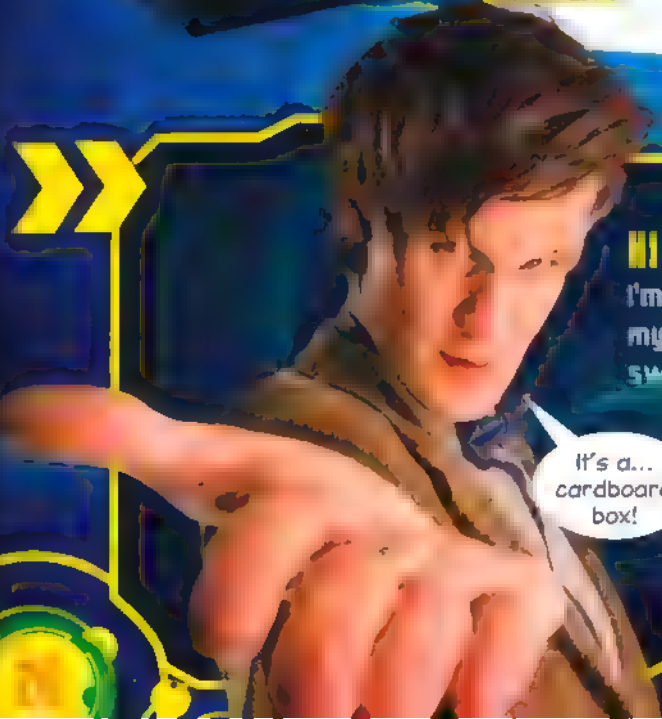

Hi Doctor,

How do you keep your TARDIS so clean?
It's a big place and you're always
chasing around after aliens.
P.S. It was nice meeting you in Charlestown.
You looked at my Doctor Who drawings!

Katie Round, 13

THE DOCTOR REPLIES:

Lucky for me, the Type 40 TARDIS is self-cleaning. All I have to do is pour some washing-up liquid into that pink reservoir capsule thing on the TARDIS console, and the old girl takes care of the rest. Keeps her busy while I'm off tidying up the rest of the universe. She's been having a bit of trouble with Rory's socks, but there's always the sock dimension if they get too stinky.
P.S. Nice to meet you, too! Great drawings!

HI DOCTOR,

I'm having problems with my TARDIS. It seems to have switched itself so it's bigger on the outside than the inside. I can't fit in it now! I need help.

It's a... cardboard box!

Ted Bland

THE DOCTOR REPLIES:

Dodgy Dimension Stabiliser. You'll need to reboot the Non-Reality Mesh, but unless you've got a Shrink Ray, you could be in trouble. Basically, what you've got there is a box, and boxes can be just as useful as a TARDIS. Well, almost.

Dear Doctor,

In the mornings, does Amy hog the bathroom in the TARDIS?

Katie Clarke, 10

THE DOCTOR REPLIES:

There are fixed points in time, but mornings generally aren't one of them. Morning's are a moveable feast when you're a time traveller. Sometimes I've not seen an afternoon for weeks, let alone afternoon tea. If it turns out Amy is having a slow bath, I'll just reconfigure the TARDIS interior and call up a spare bathroom from the archive. Either that or pop back to ancient Rome. Plenty of baths there, and Rory knows that place like the back of an Auton's hand.

I'm good at football. I think.

DEAR DOCTOR,

My question is: Do you support a football team? And which one?

Yours sincerely,

Cameron Hazelgrave

THE DOCTOR REPLIES:

Never been much of a supporter, always prefer to get involved, but I suppose I'd have to say The Kings Arms Eleven. That's a football team, not a king with eleven arms, though I have met one of those. He was more into basketball. And juggling.
